IRISH ARTS AND TRADES.

Topic of Meeting of Woman's Club—Mrs. Fenton's Paper on Linens and Big Ships.

The bimonthly meeting of the Willimantic Woman's club Tuesday afternoon was more largely attended than some of the recent meetings in spite of the bad weather.

The subject for the afternoon was Irish Arts and Trades. The meeting was in charge of Mrs. Robert H. Fenton, who spoke enthusiastically of the importance of Ireland's manufactures and the features of her industrial life. The two principal branches, she said, were the manufacture of linen of all kinds, especially most of the real linen handkerchiefs and table linen that we use here being manufactured in Ireland, because of the climatic conditions, which are more moist and give the fabric a much brighter, whiter lustre than the linen manufactured in any other land, and the manufacture of Ireland's shipbuilding operations. The speaker said that most of the ocean liners, particularly those owned by the Cunard line, are built in the yards in the city of Belfast.

Horse Taken by Trustee.

Robert E. Truscott, trustee of the bankrupt estate of John F. Keegan, went to the home of Mr. Keegan on Tuesday with an officer and took a horse that was in a barn there. Mr. Keegan had previously refused to give up the horse on the ground that it did not belong to him, but was owned by his mother. The schedule of the bankrupt, as filed, figures the horse in question as an asset of the estate. It is said that a replevin action against the trustee is contemplated to get the horse back.

REVALUATION OF PROPERTY

Voted at Special Town Meeting Tuesday Evening—Committee of Three Appointed.

Town Clerk Frank P. Fenton called a special town meeting to order at 8 o'clock Tuesday evening. D. A. Lyman was chosen moderator. The warning was read by the clerk, the purpose of the meeting being to determine if the voters desired a revaluation of all the property in the town and to see if a sum would be appropriated for the purpose. A great many different men gave their views on the subject and once or twice the meeting was very near adjournment, but finally the voters present, upwards of 100, got down to business. After a number of propositions had been rejected, on motion of S. B. Harvey, it was voted that a revaluation of all the taxable property of the town be made. It was voted, on motion of Judge W. A. Arnold, that the re-

GRAY HAIRS VANISH.

If You Use a Harmless Remedy Made from Garden Sage.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, is not a sign of old age, but a sign of a person's look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking off" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give you hair youthful and color and beauty in a few minutes' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy, we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair. Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, Lee & Osgood, 121 Main St.

valuation to be made by George B. Wil-

cox, J. Godfrey LaPalme and George Hatch.

Following an hour's spirited discussion, an appropriation of \$4,000 was voted for the use of the committee and that it be empowered to hire any expert and clerical assistants necessary and that the work be completed by February 1, 1913. Adjournment was taken at 10:30 o'clock.

ALDERMEN DECIDE ON

Smallpox Cases to Be Treated at Old Hooper Place—Building to Be Ready Friday.

As a result of a special meeting held Tuesday afternoon at 4 o'clock and an adjourned meeting in the evening, the board of aldermen, as a further precaution toward staying the spread of smallpox in the community, adopted a resolution providing for an isolation hospital and appropriated \$2,000 for the purpose, naming Mayor D. P. Dunn and D. P. Ahearn a committee to arrange for the same, which will be commenced today (Wednesday) and will be completed Saturday. The house at 434 Pleasant street, known as the old Hooper place, owned by John Holden of South Windham, is to be the hospital.

Mr. Holden, when approached by the committee, agreed to give the use of the property, providing the city would place the house in good condition afterwards and pay him a reasonable sum for its use.
